

## Celebrating Two Years of Mesh!

online knowledge portal and community of practice for engaging communities and the public with global health

### What has Mesh achieved so far?

- Created a repository of 140 guides, tools, reports and papers to help develop the CE field
- Built an active network with over 8000 users from 153 countries and created a mapping tool to make finding collaborators easier
- Created and released unique online tools such as the Evaluation Map, the Mesh Guide to Funding Opportunities, and consolidation of e-learning, events and journals that publish on CE to aid members in accelerating their careers and practice
- Hosted a 2-day workshop on evaluation and captured learning from workshops in the field

### Project Reports

Creating reports to showcase learning from CE projects

35

Reports created have been viewed

2,500 times

### Tools and Academic Literature

Compiling guides, tools and academic literature on CE

900

Views of the literature

2,300

Visits to Guides & Tools

### Training, e-Learning and Events

Signposting to opportunities worldwide

2,350

Visits to the e-Learning and events pages

### Creating Materials

Mesh creates new resources and guides for CE

"Find Collaborators" Map: 850 Visits

Evaluation Map: 770 Visits

Funding Guide: 2,700 Visits

"MESH is an invaluable source of information."

"The site is very intuitive and easy to navigate. There is a lot of useful information."
